

DWR Northern District Metadata

Thursday, January 24, 2002

Theme and Project Information

<i>Subject</i>	Gov't Owned/Managed land of Butte County
<i>Description</i>	<p>Taken directly from original metadata (bc_gov_own_utm83_original_metadata.txt):</p> <p>The 'GOVOWNERSHIP' layer shows classifications of land ownership and was originally digitized by the Forest and Rangeland Resources Assessment Program of the California Department of Forestry. It was then registered to the Public Land Survey coverage at Teale Data Center to ensure that coincident lines would overlay properly. It is derived from 1:100,000 Bureau of Land Management Surface Management Status Maps. Some of these maps date back to the 1970's. The most recent national forest maps and other sources were used to update the BLM maps prior to digitizing.</p> <p>The coverage was developed with state, regional, or county level analysis in mind. It does not included parcel level data and may not address the needs of users interested in small areas.</p>
<i>Subj. Keywords</i>	Ownership, Gov't land,
<i>Geog. Keywords</i>	Oroville, Oroville Dam, Butte County
<i>Project</i>	Oroville Dam FERC Relicensing Program
<i>Project Description</i>	Northern District is collecting and developing a variety of GIS coverages and related data sets as part of DWR's effort to achieve FERC relicensing of Oroville Dam.
<i>Project Contact</i>	John Lance - DWR Northern District 2440 Main Street Red Bluff, CA 96080 (530) 529-7357 jlance@water.ca.gov

Coverage Details

<i>Metadata Date</i>	1/24/2002
<i>Coverage Name</i>	bc_gov_own_utm83.shp
<i>Coverage Loc.</i>	o:\oroville_ferc\ownership\bc_gov_own_utm83.shp
<i>Coverage Date</i>	11/13/2001 10:17:03 AM
<i>Coverage Type</i>	ESRI ShapeFile
<i>Feature Class</i>	Polygon
<i>Bounding Coordinates</i>	
<i>West</i>	579423
<i>East</i>	665129
<i>North</i>	4445809
<i>South</i>	4350288
<i>Projection Parameters</i>	
<i>Projection</i>	UTM Zone 10

<i>1st Std Par.</i>	N/A
<i>2nd Std Par.</i>	N/A
<i>Origin Longitude</i>	-123
<i>Origin Latitude</i>	0
<i>ScaleFactor</i>	0.99960
<i>False Easting</i>	500,000
<i>False Northing</i>	0
<i>Projection Notes</i>	These projection parameters assume units of meters (m).
<i>Units</i>	Meters
<i>Horiz. Datum</i>	NAD 83
<i>Vertical Datum</i>	N/A
